

# Home Learning

We strongly believe in building partnerships with our children and their families and want to ensure that our home learning is easy to complete, fun for all but also provides an opportunity for our children to build on their learning in school at home with their families.

The well being of our children is paramount and our school motto of **'living life in all its fullness'** is at the heart of everything we do. We want our children to grow not only in their learning but also in their personal growth through rich experiences both inside and outside of school. However, we also want our children to leave Woodside being able to read, write and be confident in number.

**With all of this in mind we have designed our new home learning offer as outlined below:**

Year Group	Frequency and type of home learning		
	Daily	Weekly	Termly
Reception	Reading for progress	Reading for pleasure Phonics Numbots	Curriculum project
Year 1	Reading for progress	Reading for pleasure- Book Bingo Phonics Numbots	Curriculum project
Year 2	Reading for progress	Reading for pleasure- Book Bingo Numbots/TT Rockstars	Curriculum project
Year 3	Reading for progress	Reading for pleasure- Book Bingo TT Rockstars	Curriculum project
Year 4	Reading for progress	Reading for pleasure- Book Bingo TT Rockstars	Curriculum project
Year 5	Reading for progress	Reading for pleasure- Book Bingo TT Rockstars SPAG- CGP Maths consolidation	Curriculum project
Year 6	Reading for progress	Reading for pleasure- Book Bingo TT Rockstars SPAG- CGP Maths consolidation	Curriculum project

# Year Reception Home Learning

**Term:**

**Autumn 2 2022**

## **Reading for progress**

**Daily- Mon- Thursday**

Our expectation is that children read their 'Reading for Progress' book daily during the week at home. This should be recorded in their Home/School Communication Book. Your child should be able to read this book confidently - please listen to your child do this as discussing what they read is invaluable.

## **Reading for pleasure**

**At the weekend- Fri-  
Sun**

A book of your child's choice or their 'Sharing' book should be read at the weekend. Again, please talk about this with your child.

Upon reading 50 times at home (whether that be reading for progress or pleasure), your child will be given a token for our book vending machine, and they can choose a book from it to keep.

## **Numbots**

Our expectation is that children spend three times a week practising their subitising skills and adding and subtracting within 10 and 20 on Numbots. This programme is personalised to your child's needs, ensuring progress is made.

## **Phonics**

Our expectation is that your child will work through the phonics homework sheet to learn how to pronounce and recognise new graphemes. They will then be expected to practise reading and writing the words and sentences at the bottom of the page by blending and segmenting the sounds. We also expect the children to practise their letter formation by using a pencil to trace over the letters then to have a go at forming it correctly on their own. Please reinforce the correct formation by saying the rhyme at the bottom of the page as they write each letter.

## **Curriculum Project**

Based on your feedback around homework, we are also setting a project for your child to complete – this is something we welcome you to work with your child on.

This half term, we would like your child to come up with an idea with you about "how to trap a wolf" as part of our work on "The Three Little Pigs". You and your child could make, draw, video anything for this. Be as creative and imaginative as you like!

Please hand in the project by Friday 9<sup>th</sup> December. There will be a curriculum showcase drop-in for parents on Thursday 16<sup>th</sup> December (more details to follow) to see the wonderful work pupils have created.
